COUNTY COURT AT LAW #8
100 N. Closner

STANDING ORDER

In efforts to begin compliance with the Texas Supreme Court Mandate regarding E-Filing, County Court at Law No. 8 is issuing the following order:

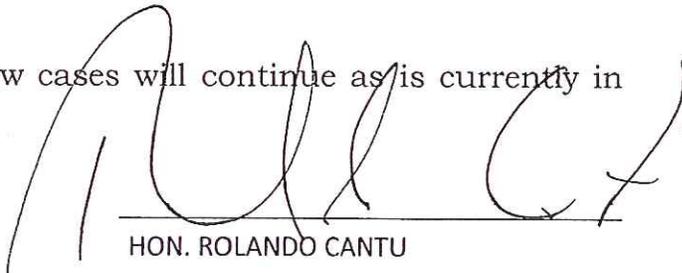

Beginning December 2, 2013, County Court at Law No. 8 will require attorneys to E-File all documents relating to Family Law cases with the District Clerk, and Civil Law cases with the County Clerk. **NO PAPER FILING WILL BE ACCEPTED.**

It is further ordered that all orders submitted to this Court for consideration and/or signature shall contain valid e-mail addresses of all parties requiring notification at the bottom of each instrument. All counsel, whether retained or appointed, shall be responsible for ensuring their electronic post office boxes are adequate to handle all documents that will be sent electronically by making certain that:

- (1) Their e-mail service provider does not limit the size of attachments, and
- (2) The District and County Clerks' transmissions are not blocked.

Failure of counsel to maintain their personal contact information, or failure of counsel to ensure their electronic post office boxes are adequate to handle all documents emailed to them by the District/County clerk, shall not serve as good cause on a complaint for lack of notice.

Filing of documents for all criminal law cases will continue as is currently in place.
